Stephen,

I am forwarding this letter from David Keeney also. As you will see from his comments, he believes that he will be receiving additional 8-case displays.

Judy

Priority: Normal

I would like to utilize the Mega-Outlet promotions in all of the 9 locations identified on my original list however, placement of the Large 8 Case display will not be possible in all 9 based on space limitations. I feel that we will be able to place a supplemental display in each call with supporting POS. If we are tied to using the displays, then find my attached list.
What do I do with the extra displays?
